Hi Bill,

My current employer came back with a counter offer of \$75k and I have full health insurance here.

However, I would really like to join your team and company. I genuinely feel like I have a long term growth opportunity there, since you are involved in several different areas of businesses. I already see areas of improvements for your showroom and importantly, I feel that we would get along well. With that being said I would feel more comfortable if you would be able to offer closer to the \$70k I was asking for and with full health insurance.

Please let me know what you think.

Thank you,

Hi Bill,

I would want to be closer to the \$70k/yr, considering the 5% net profit commission. Typically, industry standard is 10% commission on sales from what I've experienced.

I look forward to hearing from you.

Thank you,

Un Jung Kim

Hi Un Jung,

Thank you for getting back to me, I believe you would do very well with our company based upon what I have seen and heard thus far.

We can certainly chat on Sunday if that works for you, however do tell me what base you are

looking for so I can analyze so to if it possible. Do keep in mind that there is a 5% commission as well on all sales (Net profit).

Look forward to hearing from you and furthering our discussion.

Hi Bill,

I hope you are enjoying the hospitality show.

It was a pleasure meeting you Wednesday. Thank you for taking the time to discuss the opportunities with your company.

As discussed, I am getting back to you today. Your company is what I have been looking for to grow with. I enjoy being involved with all aspects of sales, design, construction, and management of projects. I like the fact that you are involved in development, residential and commercial projects and most importantly, you uphold to ethical standards.

I would love to join Atmosphere Kitchen and Bath/ACNY, however, we need to further discuss salary and benefits. Can you please, at you convenience, send me the commission breakdown, benefits, such as, health, vacation and holiday. In order for me to make a move from my current position, I would need to make more than \$60k/yr base. I appreciate the review in 3-4 month, but as you can see from my experience, I have a lot to offer and hope you see the value I would bring to the company.

Please let me know your thoughts. I am available to talk during the weekend if you have time.

Thank you,
Un Jung Kim
